# GLOBAL SWITCH

Global Switch is a leading owner, operator and developer of large-scale, multi-customer, carrier neutral data centres across Europe and Asia-Pacific. Our data centres provide a rich carrier and cloud-neutral ecosystem and offer the reliability, security and flexibility that our customers require to house their IT infrastructure.

## Services

### Private Suites

These self-contained areas, which can include 24x7x365 network operating centre facilities, are designed and built to customers bespoke specifications.

### Cages

The Global Switch cage solution offers the benefits of large-scale resilience for medium sized IT space and power requirements. This solution provides secure private areas for customers and offers flexibility in design and layout.

### Racks

Racks situated in colocation areas are a vital resource for businesses looking to outsource critical IT infrastructure, establish a presence in multiple strategic locations, or those wishing to increase their footprint as their space requirements grow.

### Meet Me Rooms

Meet Me Rooms offer telecommunications companies highly secure purpose built areas to house their network infrastructure in order to connect with a host of companies and organisations within the data centres.

## Key benefits

**Scale:** Scalability with over 3,650,000 sq ft (340,000 sq m) across eleven world class, fully-fitted data centres.

**Flexibility:** Access to the full range of space and power solutions with flexibility to meet your needs.

**Network dense:** Data centres that are located adjacent to central business districts exclusively in Tier 1 markets offer connectivity rich, low latency solutions with direct access to the major international fibre routes.

**Competitive options:** A strong diverse service provider ecosystem ensures that customers have access to competitive pricing for a complete range of services.

**Resilient Infrastructure:** Global Switch provides uninterrupted power with multiple layers of redundancy, optimised cooling and security. Monitoring of these key components through highly sophisticated building management systems is backed up by 24x7x365 security and technical support teams.

**Bespoke solutions:** Solutions can be tailored to individual customer requirements.

**Environmental commitment:** Energy efficiency is at the core of our business. Through innovation in design, operation and working closely with our customers, we are continually improving the energy efficiency of our data centres.

**Operational excellence:** Key ISO certifications complement a robust Critical Environments Programme which is central to applying and maintaining best in class practices across our global data centre portfolio.

**Financial strength:** A financially secure owner and operator with investment grade credit ratings.

**WORLD-CLASS  
DATA CENTRES**

**OPTIMISED  
COOLING**

**CARRIER  
NEUTRAL**

**HIGHLY  
SECURE**

**ENVIRONMENTAL  
COMMITMENT**

**OPERATIONAL  
EXCELLENCE**

# AMSTERDAM EXTENSION

## Location

- The data centre is located 2km from the financial district and city centre
- A local Metro station is immediately outside the main gate
- Schiphol International Airport is 10 minutes away by car

## Building Overview

- Global Switch has a long term ground lease with automatic renewal rights
- Purpose built
- Will exceed Tier III operational performance
- 28,000 sq m of gross space
- 2 data floors
- Flexible IT space with ability to create bespoke environments as required

## Main Structural Features

- Structural steel frame with reinforced concrete floors, metal faced cladding and glazing
- 5m slab to slab height
- Nominal raised floor height of 300mm
- Minimum from raised floor: 4.7m clear height to underside of deepest beam
- Floor loading of 15kN/m<sup>2</sup>
- 2 goods lift (5 tonnes) and 4 passenger lifts

## Power

- 50kV utility supply
- Utility power supply capacity of 40MVA (planned)
- Technical (IT) power and mechanical systems supplied by on-site Diesel Rotary UPS with N+2 redundancy via an Isolated-Parallel (IP) Bus (Static UPS solutions available)
- Fully diverse power distribution to technical areas
- On-site fuel storage to support 48 hours at full load with 24x7x365 fuel delivery
- Offering 2,000 W/m<sup>2</sup> as standard, with higher power density solutions fully supported

## Cooling

- Minimum N+2 resilience on all systems
- Air-side free-cooling

## Security

- Operations Centre manned 24x7x365
- Security guard patrols 24x7x365
- Continuous CCTV surveillance of external and internal areas
- CCTV records kept for 31 days
- Comprehensive intruder detection and alarms to all areas
- Perimeter Intrusion Detection system (PIDs)
- Strict access control procedures to ISO 27001
- Access control using proximity card readers and biometric systems
- Physical access via mantrap
- Secure managed delivery and loading area available 24x7x365

## Connectivity

- Carrier Neutral
- Network dense with access to multiple global and regional carriers and Internet service providers offering Dark Fibre, Wavelength, Ethernet, MPLS, VPLS, IP Transit, Peering, CDN, Storage, Virtualised Services (SDN), Voice and Mobile Services
- Access to multiple cloud services through leading public, private and hybrid cloud solution providers
- 4 dedicated Meet Me Rooms
- 4 diverse building entry points
- Diverse cable routes and pathways
- Campus fibre system interconnecting the existing AMS Halls to the new Halls
- Roof space availability for satellite and antennae equipment
- AMS-IX and NL-ix present

## Fire Detection and Suppression

- Fully addressable fire detection system in all areas
- Aspirated early warning smoke detection system (monitored 24x7x365)
- Gas suppression system in technical areas

## Critical Environments Management

- Experienced 24x7x365 facilities management team
- Environment (thermal conditions) monitored 24x7x365
- All Building Management Systems (BMS) monitored 24x7x365
- Comprehensive energy metering systems
- Internationally recognised critical environments programme

## Other Services

- Cross connects
- Customer reports
- Deliveries and storage
- Design and build
- Fit out
- On-site facilities
- Remote hands
- Technical cleaning and waste disposal

## Certifications

- ISO 9001, 14001, 27001, 50001
- OHSAS 18001
- ISAE 3402
- AMS-IX
- PCI DSS Compliant

*Technical specification, which is subject to change, relates to the completion of all stages of the Global Switch Amsterdam extension*
